

CYRO CARE

CYRO CARE

HOSPITAL MANAGEMENT SYSTEM

WHAT IS CYRO CARE

Cyro Care is an advanced, powerful, flexible complete management software for:

- Hospitals
- Clinics

- Diagnostic Centre
- Medical Institutes

The screenshot displays the Admin Dashboard of the Cyro Care system. The interface is divided into a left sidebar and a main content area. The sidebar, on the left, features a dark orange background with a white navigation menu. At the top of the sidebar is a circular logo with a stethoscope. Below the logo, the user's name 'Mr. admin' is displayed. The menu items include: Dashboard, Department, Doctor, Patient, Nurse, Pharmacist, Laboratorist, Accountant, Monitor Hospital, Settings, and Account. The main content area has a light orange background. At the top, it shows the user 'admin' and a 'Log Out' button. Below this is the 'Admin Dashboard' title. The dashboard contains a grid of 12 cards, each representing a different category with a numerical value and an icon: Doctor (10), Patient (10), Nurse (10), Pharmacist (5), Laboratorist (5), Accountant (5), Payment (3), Medicine (3), Operation Report (3), Birth Report (2), Death Report (3), and Settings. The bottom of the dashboard includes a copyright notice: '© 2014 Creativeitem'.

HOW IT WORKS

Cyro Care connects all the departments and concern persons with an integrated system :

- Admin
- Patient
- Nurse
- Receptionist
- Pharmacist
